A Safe Childhood Is Only the Beginning

Helping children in Colombia heal, learn, and build independent futures.

Corporación Superarse
Transformando vidas

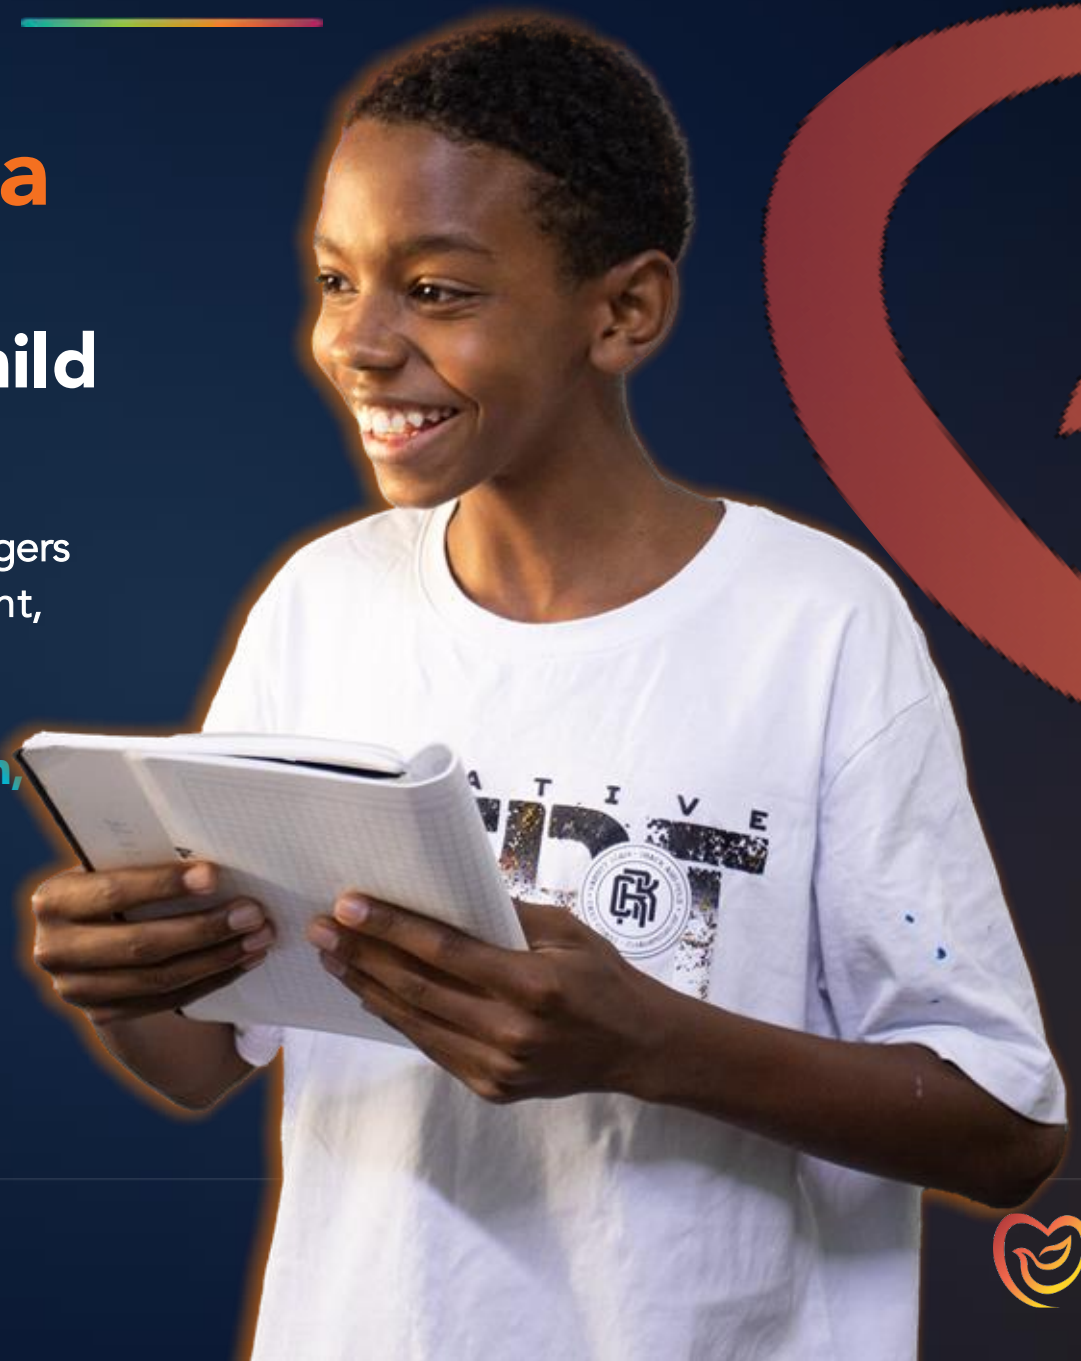

Every child deserves a family.

Unfortunately, not every child gets one.

Today, Superarse is home to 50 children and teenagers who have experienced abuse, neglect, abandonment, or other serious violations of their rights.

31 of them are legally eligible for adoption, yet because of their age, many are unlikely to find a permanent family.

That's why our mission goes beyond protection.
We help them prepare for adulthood.

And our commitment doesn't end when they leave Superarse—we continue supporting our 80 graduates as they turn their potential into independent, purpose-driven lives through education, employment, and entrepreneurship.

She didn't just graduate. She broke the cycle.

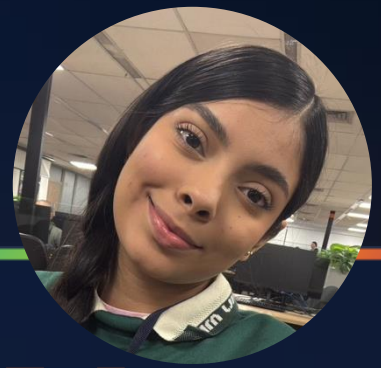

Then

✓ Arrived at Superarse after experiencing neglect and entering Colombia's child protection system.

✓ Grew up in an environment where violence, instability, and lack of care put her future at risk.

The journey

✓ Began studying **Social Communication and Journalism** while working to support herself..
✓ Received mentoring and support through our **Independent Living Program** and **Sponsor Program**..
✓ Developed the confidence, life skills, and resilience to build a safe and independent future.

Now

✓ Graduated with a degree in **Social Communication and Journalism**..

✓ Today she is living independently, pursuing her career, and building a future on her own terms.

Behind every success story is someone who chose to believe in a child's future

Why Superarse is different

We believe every child deserves two things:

A safe childhood.

An independent adulthood.

Every donation creates new opportunities for children to build a better today and a brighter tomorrow.

Corporación Superarse
Transformando vidas

At Superarse, we believe a child's past should never determine their future.

Together, we help children heal, discover their potential, and become **the first professionals, entrepreneurs, and leaders in their families.**
